TEACHERS' QUARTERLY.

Pedagogues Meet in Hilo and Discuss Many Matters.

The Fates favored the thirty-fifth quarterly meeting of the Hilo Teachers' Union which convened Friday, December 5, 1902, at Hilo Union School. The day was beautiful and about fifty-five persons were present to enjoy a well planned and executed program.

The Chairman, Mrs. L. C. Lyman being absent, the vacancy was filled by Vice-Chairman Miss Coan. The meeting was opened by concert prayer after which the roll was called, a number of teachers responding with interesting bits of news. After the minutes of the last meeting were read and approved, the only business was the appointing of Mr. Baptiste, Miss M. Deyo and Miss Ward as the committee to prepare the program for the next meeting.

The first number on the program was an acceptable chorus by the H. B. S. boys, after which Miss Carr read a short paper on How to Teach Current Events.

To the delight of all, Prof. Henshaw gave a most interesting and instructive talk on Hawaiian birds, stating that the Oo was probably the first bird to reach the Islands, how it got here and whence it came. The difference between the early birds and those of the present time was well brought out, the chief difference being in the bills, and this was probably the most pleasing part of the talk as it showed how nature cares for her own. The Prof. told of the birds that had become extinct and explained the reasons for some while the extermination of others can not be satisfactorily accounted for. One peculiarity of Hawaiian birds is the nests, they being most difficult to obtain. The talk was made unusually interesting by the very excellent collection of specimens which Prof. Henshaw exhibited.

The next on the program was a talk on the Territorial Reform School by Mr. Miller. He held the attention of the audience while explaining the methods of the school, giving an account of the work, food, mode of punishment etc. and willingly answered all questions.

Miss E. Ewaliko entertained us by her impressions of California. She compared some parts of the state to Maui and gave an account of her trip to delightful Yosemite Valley and Southern California and showed a good collection of specimens and pictures to illustrate her points.

Mr. McClusky took a few minutes to read one of the term plans, after which the usual recess was declared. The intermission being over, we were again entertained with a chorus by the H. B. S. boys.

Miss Dillon amused all by a reading illustrating the benefit to be gained by humor in the school room and gave several extraordinary occurrences from her own and others experience. Miss Lycan followed with a number of funny things from her experience. She did not wonder that we sometimes have trouble in getting the attention of children when they define a desk as "a place where we keep our thinks," for if the "thinks" are anything like the pencils they are generally at the back of the desk.

It a pleasing manner Miss Mary Deyo read a selection, the madness of Phillip, bearing on the same subject.

Upon a motion being made and seconded Messrs. Capillas and Carvalho, with three assistants of their own choosing, were appointed to select several term plans to be published in Hawaii's Young People. Mr. McClusky as chairman of the program committee and Miss Coan as chairman of the Teachers' Union, thanked all who had helped to make the meeting a pleasant and profitable one.

N. C. Secretary

More Money for Transvaal.

London, Nov. 26.—Chancellor of the Exchequer Ritchie, speaking at Croydon tonight, foreshadowed the possibility of the country having to provide still more money for the development of the Transvaal, and also give promise of a probable reduction of the income tax in the next budget.

MORGAN AND BEEF MERGER.

With Aid From London He Routs Banking Firm of Kuhn, Loeb.

Chicago, Nov. 28.—The Inter Ocean today will say: "John Pierpont Morgan, aided by Baring Brothers of London, will float the beef merger and underwrite the necessary \$100,000,000 of bonds. The deal is to be launched some time in January. The packers today gave their consent to this arrangement, and Kuhn, Loeb & Co. of New York, who delayed action in the matter until the beef magnates lost all patience, will be 'thrown overboard.'"

Reports that Armour, Swift and Morris were about to yield to the demands made upon them by Morgan soon after he returned from Europe last summer have been in circulation in Chicago for several days. Today positive word was received by a local broker, an intimate friend of John W. Gates, that the packers had just given their consent. This statement was confirmed by a number of Armour's official family. There was substantial evidence, too, in the presence here today of Hugo Baring of Baring Brothers, London, and Baring, Magown & Co., New York. Baring was with J. Ogden Armour for two hours in the morning at the latter's office, and this afternoon they drove together to the home of Gustavus Swift.

"I have nothing to say for publication," said Swift to a reporter after his guests had departed. "The plans of Swift & Co. cannot possibly interest the public."

Messrs. Baring and Armour were equally reticent.

Hilo Electric Light Co., Ltd.

**Houses Wired and
Lights Installed**
